MEZ-DUCTCAP

Covering-system for transport and unfinished ductwork during construction process

Ordinary Covers

MEZ-DUCTCAP

Material: polypropylene plastic with elastic band
Colour: orange
Minimum order quantity: 25 pieces per size
See price list for special conditions
Other sizes on request.

Low cost, light, takes only seconds to install, slides right off with no adhesive residue, reusable.

The cover to protect all unfinished ends of rectangular and circular duct systems from moisture, dirt particles, dust and debris entering the air handling system!
MEZ-DUCTCAP is designed to be installed by stretching the elastic band over the round branch or any other open end. No tape, screws or nylon ties are needed to secure the cover to the duct.

HOW DO YOU USE MEZ-DUCTCAP?

Pick the corresponding Ductcap cover for your size pipe, then expand elastic and slide over pipe. Insulator can slide the Ductcap cover off, insulate pipe, and expand the Ductcap cover over insulated pipe. Slide the Ductcap cover off, shake it clean, put in box for future use and make next or final connection.
